### PERSONAL PRIVILEGE

Speaker Mesnard addressed the House as follows:

First, thank you to my colleagues for entrusting me with this critical role. It is my genuine honor to be your Speaker. I hold this institution in the highest regard and I am truly Humbled by the opportunity to serve as its presiding officer for the next two years.

I came to Arizona as a 10-year old. Like so many others, my family moved here because of opportunity: A job. Truthfully, I did not want to come to Arizona as a kid. Coming from Colorado, I could not imagine not having another snow day and I was absolutely terrified of scorpions. Well 26 years later, I still hate scorpions, but there is no other place I would rather be. I love it here and this is my home. And I am just thrilled at the tremendous honor and privilege to serve as Speaker of the House in the state I love.

You know getting involved in politics was not part of my life plan. I'm sure many of you can identify with that. I went to college to learn how to write music for film and television. Obviously I'm not doing that, though, admittedly I am hoping for a certain amount of harmony in this place. But whether you planned to be here long ago, or simply stumbled to it more recently, you are here and we have been bestowed with a unique opportunity and responsibility.

To the new members, all 23 of you, I extend a special welcome. I applaud your courage in putting yourself out there as we all have. You would not have opened yourself up to all the challenges, the criticisms, the scrutiny, the vulnerability that comes from putting yourself out there and running for office, if you did not care about this state and its people. So I consider today to be your day. Indeed, you're going to notice a big difference between yesterday and today. Beginning now, and from here on out, you will find the following to be true: To the various staffers and lobbyists and interests and folks in this capitol complex, all of your jokes will be hysterical. Your ideas, simply brilliant. And you will never have to endure the travesty of a bad hair day again... so far as you know. Now, outside of this place, all bets are off, especially in the world of social media. But even so, I think you'll find this to be a pretty awesome ride. So very hearty congratulations to you newbies and welcome to the House.

**First Day**

To the family of all of those who were sworn in today, I thank you for sharing your loved one with us and with the state of Arizona, to do the people's work. It's through your sacrifice and extra work that we are able to devote our time and attention to advancing the issues that we believe will continue to make Arizona such an outstanding place to live. So I make this promise to you: I will do my very best to have them home to you as quickly as possible each evening.

To my colleagues on the correct—I mean right—side of the political aisle, I promise to be the best champion and advocate for our shared values. To those on the other—equally dedicated—side of the political aisle, know that I aim to work with you as well. I don't intend to be the Speaker for just one Caucus. I'm here for you, too. In all seriousness, I'm looking forward to serving with each of you, to finding common ground where we can, and, yes, to spirited debates where we disagree on the best way forward.

I know we just finished an unusually acrimonious election cycle, and I want to begin this session on a more hopeful note (did you get that, more hopeful NOTE?)

Certainly, there are going to be disagreements at times, strong disagreements in some cases—both between the parties and within them. But we're all here because we love this state and care deeply about its future. While I'm sure that we'll challenge the wisdom and logic of our opponents' arguments, I urge my colleagues never to challenge their motives. We must be vigilant to separate the personal from the political.

In this country, the political arena is how we fight. We settle disagreements with debate and ballots, not with armies and edicts. The same cannot be said in all parts of the world, and for that, we should all be extremely grateful. At the end of the day, we are all Arizonans. And we are truly blessed to live in this state and in this nation.

Finally, let me pass along to you something I remind myself of everyday which was said to me when I first ran for office. A politician focuses on the next election, but a statesman focuses on the next generation.

So may the God of Heaven bless all that we do, may he make his face shine upon us and bestow his favor on us. May he grant us the ability and wisdom to serve well. And may he continue to bless the great state of Arizona. Thank you.

Speaker Mesnard welcomed county supervisors and elected county officials, city mayors and councilmembers, the governor's staff and veterans and members of the armed forces; thanked Member Jay Lawrence for presiding as Chairman Pro Tempore; thanked Deputy Chief of Staff Amilyn Pierce and his administrative assistants, Susan and Dan; and introduced his father Daniel Mesnard, mother Nora Ellen, Linda Mesnard and his wife Holly Mesnard, guests who were seated on the floor.

**BUSINESS ON THE SPEAKER'S DESK**

Motion by Mr. Allen that the Rules of the Fifty-second Legislature, as amended, be adopted as the temporary Rules of the Fifty-third Legislature. Carried.

### First Day

It's also nice to not be the new guy anymore. It appears we have a new seating chart. Two new Supreme Court justices, 24 new members of the House and Senate. A powerful new backdrop. Speaker Mesnard and President Yarbrough. You guys look pretty good up there. Along with Leaders Hobbs and Rios, I'm excited to continue working together on areas of common ground. Welcome newcomers, and congratulations to all.

These last two years, we've achieved so much. And on the really big issues – and in fact, on the biggest issue of them all – it wasn't because we had Republican ideas, or Democrat ideas. It's because we had Arizona ideals. Let's keep that spirit going this session.

Long before any of us arrived here – nearly a century ago, our state's first governor – George Hunt – made a trip to Douglas to deliver a speech. It was well attended – but there was one young boy who stood out. Explaining that Arizona was the land of boundless opportunity, Governor Hunt turned to the boy and his friends, and remarked that even one of *them* could be governor someday. All they needed was grit, will and determination. What Governor Hunt didn't know is that boy had traveled miles, barefoot, from a neighboring town, and for one reason – the free hamburgers and hotdogs. It was better than wandering the desert looking for food. After the boy's father passed away, as the family faced hunger and hardship, his mother told him: “Son, you're going to be whatever you want to be. It's up to you.” That young boy rose to the challenge, and stood at this same podium, addressing this same chamber. He became our state's 14<sup>th</sup> governor. And we're honored to have Raul Castro's daughter, Beth, here with us today. Governor Castro came to this country as a poor immigrant. The obstacles and challenges before him, immense. But when we honored his life in our old Capitol – he had not only been a governor. He was an educated man. An attorney, a prosecutor, an ambassador, a diplomat, a pioneer. It's a story we don't hear enough, or tell enough. But we need to, because it's a distinctly Arizona story. And our history is filled with them. Regular people, who had mountains standing in their way; but scaled them.

A young secretary, fired because her boss said he needed a man to do the job. It was Rose Mofford and she too, became governor. Breaking the glass ceiling and paving the way for Arizona to earn the proud distinction of having more women governors than any other state in the nation. A young boy whose single mother packed him in a car and drove him from Chicago to Tucson to start a new life. He'd take a paper route to help his family make ends meet. But it was the billboards he saw along the highway from Illinois to Arizona that would captivate his imagination. Today, Karl Eller is not only a rags-to-riches success story – he and wife, Stevie, are two of our state's most valuable players and charitable citizens. Thank you for all you've done. And then there's the story of a rebellious Air Force cadet – told ONLY MEN could fly in combat. Martha McSally wouldn't listen, and literally took women's rights to new heights. Thank you, Colonel, for your service.

Ladies and Gentlemen, I'm proud to stand here today and report, just like all these trailblazers, the state of our state in 2017, is resilient and strong. Our economy is growing, our schools are improving, and our citizens are succeeding. But now is not the time to be content, or complacent. Because the next generation of Arizonans – especially those facing challenges and hardships – are counting on us to rise to the occasion, and do everything in our power to create boundless opportunity in the state of Arizona.

To do this, we need to begin at the beginning. Because we can't claim Opportunity for All, unless every child, regardless of their background, neighborhood, county, or zip code, has access to a quality education. One of the first things we need to do, as a state, and as citizens, is focus on what really works in our public schools. We have so much to be proud of. Arizona students are improving faster in math and reading than any other kids in the country. We've been a leader on school choice, and we will continue to be a leader. Our public charters are leading the nation and the world in outcomes for our students. And the robotics class at Carl Hayden High School is so renowned, Hollywood didn't just make one movie about it – they made two.

It needs to be said. We can advocate for more resources, and also admit we have so many great schools, and great teachers. But too many people have fallen into the trap set by the pundits, the harsh partisans and yes, even some in the press of just dumping on Arizona schools. I'll admit: There was a time I didn't know the full picture. But after spending the last three years inside dozens of classrooms, mostly in low-income neighborhoods, I have a new appreciation for the excellence occurring in our school system. Not all of these schools are elite, or A-ranked. But they are working hard to get there. And what has been most striking are the teachers. They've shared with me – It's more than a job. It's a calling. Especially in our low-income communities, they've told me: “I'm not here because I have to be. I'm here because I want to be.”

### First Day

It's no wonder we all remember those teachers who had an impact. For me, it was Mr. Zammit, Mr. Wagner, Doc Demar, Professor Olney, Sister Patrice. If you think about it for a moment, you have your own lists of teachers who inspired you. I want the teachers of our state to know: You make the difference. I value your work, and it's time we return the favor. We saw incredible success last year – working together in a bipartisan spirit. Putting politics aside, settling a lawsuit, stepping out of a state of constant crisis without tricks or gimmicks, and directing billions of additional dollars into K-12 education that have gone to reward many of our dedicated teachers. Some people have asked, what's next? After Prop 123 – where are steps 4, 5, and 6?

Well, here we go.

Step 4: Resources. I have a commitment our educators can take to the bank: starting with the budget I release Friday, I will call for an increased investment in our public schools – above and beyond inflation – every single year I am governor. Now, I'm not promising a money tree. I can't. There's no pot of gold, or cash hiding under a seat cushion. And unlike Washington, we don't print money, and we won't raise taxes. But when we do have available resources, like we do this year – the bulk of those dollars will go to public education. And our proposals will be responsible – to make sure we can actually follow through on our word, and our educators can rely on it.

Step 5: Teacher pay. Let's take these new dollars and put them where they will have the greatest impact on students. The place where we know we will get the best return on investment. It's time for a raise for Arizona's teachers. My budget will outline a permanent, lasting salary increase to all of Arizona's teachers. This will be above and beyond raises they may be receiving from Prop 123, or overrides, or from their districts. This is an investment by the state of Arizona in recognizing and rewarding the work of our teachers in a way that is fair, permanent and fiscally responsible. If we are serious about supporting education, and tackling our teacher shortage, we've got to take action on multiple fronts and this is one more positive step in the right direction.

And Step 6: Student debt. One of the biggest challenges for many new teachers is paying down student loan debt. Doctors, lawyers, businesspeople – many will make six figures within a few years of graduation. But for teachers, paying off the debt from their education can take decades. In some cases, it might push them out of the profession altogether. That is unacceptable. To address this, I'm asking Arizona's three public universities, in partnership with community colleges, to develop a plan for the design of an Arizona Teachers' Academy. I'm looking for the best and brightest to commit to teach in Arizona public schools. If you make that commitment, we'll make this commitment; your education will be paid for, a job will be waiting and you will be free of debt. Let's lift this burden from our teachers, attract new quality individuals into the classroom. Step 6 shows teachers theirs is a profession we respect and are willing to elevate. But why stop at 6?

Step 7: Low-income schools. The greatest need for high quality teachers is in our low-income schools, and it also happens to be the hardest place to attract them. So let's do more for the teachers willing to make a commitment to these students and these neighborhoods: A \$1,000 signing bonus, to attract the best and brightest, and continue to close the achievement gap. No one goes into teaching to get rich, but everyone deserves to be rewarded for their hard work. Together, we can show the teachers of our state that their profession is valued, respected and indispensable.

Step 8: Teacher shortage. For those who want to dedicate their energies to this noble cause, we shouldn't let outdated rules stand in the way of getting them to the front of the classroom. Sandra Day O'Connor is one of our nation's most honorable citizens. She once served in this legislature, the first woman Majority Leader, in fact, in the entire country. The first woman to serve on the United States Supreme Court. She's taught and lectured in law schools. There's actually a law school named after her. And a federal court house – right down this street. But after her retirement in 2005, if she had wanted to teach civics in an Arizona high school classroom, she would have been deemed UNQUALIFIED, by the system. That's crazy. I'm talking about the teacher certification process. And it's time to fix it. We want the most qualified, most talented people leading our classrooms. So let's get with the times, and place trust in our school boards, superintendents and principals by letting them make the hiring decisions, and remove the obstacles.

Step 9: Early Literacy. Without a doubt, schools in low-income areas are the ones that really need our focus – and that's what my budget prioritizes. Right now, more than half of Arizona schools offer voluntary full-day kindergarten. Parents love it. Kids benefit from it. So I say – let's expand it. My budget gives the lowest-income schools dollars to start or expand full-day kindergarten, and address an issue we know is critical to closing the achievement gap: The ability to read by third grade.

### First Day

Step 10: Tribal Nations and Rural Schools. We also need to make sure all Arizona kids are prepared for the 21<sup>st</sup> century. Many Arizona public schools are leading the nation when it comes to science and technology – teaching students to code and developing skills to take with them through life. But too many students, specifically in our rural areas, and in our tribal nations are missing out. It's 2017, but outside of our urban areas, broadband is still spotty. Let's fix this, by connecting these rural schools to high-speed internet. And let's couple it with a statewide computer science and coding initiative. This session, let's break the firewall and get these kids connected.

There's more where that came from; 11: Principal academies, to train school leaders. 12: Loan forgiveness for our STEM teachers. 13: Dollars for school construction and capital. 14: A per pupil boost for excelling schools – 15: even more for high-quality low-income schools beating the odds. 16: Career and Technical Education. 17: College knowing and going programs, and 18: Achieve60AZ.

We have a plan to prioritize K-12 education in a serious and thoughtful way. And we've only just begun. Arizonans know what's best for our schools. And it doesn't matter what party is in power in Washington – we could all do with less involvement in our business from the federal government. Whether it's Common Core, or Obamacare, or the border, or the VA, or 20 trillion dollars in debt. On nearly every issue other than national defense, we know how the story ends: The federal government makes a mess out of everything it touches. But here in Arizona, we've demonstrated: Government can work when it respects its limited role, and listens to the people.

Wait times at MVD are down an average of 20 minutes. Our state parks have enjoyed record visitors and record revenue. Director Sue Black was asked "how is this possible?" Her response: by simply doing our job. And thanks to our efforts, contractors are getting licenses 76 percent faster. These are real accomplishments that are saving people and small businesses time and money, and improving quality of life in Arizona. Our citizens invest \$42.5 billion dollars a year in state government; they deserve value for their dollar. As we continue to make these reforms all across the board, with the help of our talented state employees and agency heads, the savings will result in lower taxes for hard-working Arizonans. This year, next year and every year I am governor.

Our message to Washington D.C. is this: Let the people keep their money, and let the states chart their own direction, and the citizens of Arizona will be better off. It's also long past time for Arizona to have independence from something else: The Ninth Circuit Court of Appeals. The Ninth Circuit is by far the most overburdened court in the country, with a turnaround time that averages 14 months. Its pending cases are more than double the caseload of the next busiest court. Arizona – and other states in the 9<sup>th</sup> circuit – deserve better. Last year, I sent a letter to Majority Leader McConnell and Speaker Ryan detailing this burden on justice. With a new Congress, and a new President, it's time for action. So I call on you, the Legislature: Just like you did last year. Pass a resolution, supporting Senator Flake's bill, telling Congress to act. Let's make sure Arizonans always get a fair day in court.

When it comes to our children, we will always be tireless advocates. Every year, babies across the country are born with Severe Combined Immuno Deficiency – SCID. It's a rare genetic disorder that if not detected and treated early, is deadly. A baby born in Arizona today is automatically screened for a number of diseases – but not for SCID. Let's change that, by adding SCID to the list. We have the power to save these precious human lives. So let's act with urgency.

If there's one headline we all dread reading every year, it's the one about the latest child, left in a hot car, dying of heat stroke. In just minutes, temperatures escalate, and a tragedy occurs. There's been a great amount of public education around this problem. Yet it still happens. Just one human life lost is one too many. All it takes is a Good Samaritan to save a life. To be on the lookout, see movement, take action, and stop another death. The last thing we'd want is any Arizonan worried about breaking into that car to save a life. Send me a bill protecting the Good Samaritans who save the lives of children and pets – and I'll sign it.

All of us who are blessed to be parents know the joy a child brings into our lives. Not to mention the late nights. The bond between a newborn baby and its mother is uniquely special. Dr. Cara Christ, director of the Arizona Department of Health Services, a mom, and an OBGYN, knows this well. She's expanded a successful program, now deployed in two state agencies, that allows new moms and dads to bring their babies to work the first six months. The results have been impressive, and we plan to expand it even more. It's a win-win-win – increased productivity, quality employees less likely to leave state service, and most important – happy babies.

### First Day

We know the best route to a better life for an individual and their family – A good paying and rewarding job. It's why we've been so focused on job creation these first two years. And in that time, we've seen more than 100,000 private sector jobs land in our state. Raytheon expanding in Tucson. Lucid planning its base in Casa Grande. Orbital in Chandler. Corporate headquarters like Caterpillar, Carlisle, Rogers Corporation and the Kudelski Group. All here in Arizona. We're set to manufacture electric cars, and we're the world's hub for the testing of autonomous vehicles. And finally – we even have Uber at the airport.

The best part is that we're not only seeing job growth in Maricopa County, but in rural Arizona and metro Tucson. Consumer confidence is up, and our housing market is on the move again. The word is out: Arizona is open for business. The real credit goes to our business owners, their hard working employees, and the entrepreneurs out there. What we, in this room, have done is simply get out of the way, and let California move backwards with more nutty ideas. A tax on tech companies. Their own version of cap and trade. Emissions standards for – here's a new one: Computer monitors. And who could forget – harassing self-driving cars to drive themselves right out of California, onto the I-10 and straight into Arizona.

Arizona will take the opposite approach. We will move forward by rolling up our sleeves and rolling back more regulations that are standing in the way of job growth. To do that, we need to hear directly from the people making the decisions – our job creators. So I'm calling on owners and operators of Arizona businesses – large and small – please, go to our new website, launched just seconds ago – RedTape.AZ.gov – and help us find these job-killing regulations hidden all throughout government. Our team will do the research, and if a rule or regulation is not protecting consumers, public safety or public health, it's time for it to go. Our goal: To wipe out 500 total regulations by the end of this year.

We could also do with less laws. Last year, we finally made potlucks legal. So why not break out the casseroles, gather around the table, and figure out how to repeal more old laws, rather than create new ones. Let's ask ourselves: Together, how we can stop limiting freedom, and instead, expand it. One great success we've had is chipping away at onerous licensing requirements – often designed to keep out competition or stifle new, exciting ideas. Because of our reforms, new yoga instructors everywhere are cheering, 'Namaste.' There's much more work left to do in this area. But who would've thought, of all the issues we tackled last year – and we tackled a lot of big ones – consolidating boards and commissions, and reducing licensing requirements, would be the most contentious?

Turns out Washington, D.C. isn't the only swamp that needs draining. The special interests and lobbyists descended on this building. Twisting arms. Turning up the heat. Clouding the facts. In a perverse irony, some were even funded with taxpayer dollars. So we fired those lobbyists. They got paid to build the walls of bureaucracy. Now, I'm asking for your help to knock them down. In the meantime, let's help those most affected by these barriers: Arizonans who are struggling to get by and looking to start a new career. Maybe they've gone to night school, to learn a new trade or skill. Perhaps they want to be a barber, or general contractor, or X-Ray technician. Why stand in their way? With another tax, another fee – sometimes hundreds of dollars – before they can start earning a living. So for citizens who are living in poverty, I propose the state waive their licensing fee so they can build a better life.

There is great value and dignity in work. Having a job. Earning a living. Providing for yourself and your family. No one wants to be on government assistance. But all too often government incentivizes being out of a job – rather than getting a job. We've seen the effects of this at the federal level, and it's been a disaster: Too many Americans on food stamps and living in poverty, because politicians in Washington have focused on policies that hold people down, instead of ones that lift people up. So why not reward those who are making an honest effort to get off unemployment, or food stamps, or welfare. Those who are looking for work, making sure the kids do their homework, and trying to stop the cycle of poverty. For Arizonans who are actively looking for a job, who are getting their kids to school – let's extend them up to 12 additional months of cash assistance, known as TANF, as a bridge out of poverty and into a better life.

The safety of children in our state remains top of mind. I want to acknowledge the community and faith-based organizations who participate in our state's revolutionary prevention model- the care portal. These organizations help hundreds of families in crisis by lending a helping hand when one is desperately needed. And in cases where the state must intervene, we are seeing some positive trends. For the first time in seven years: More children are leaving the care of the state, than entering it. We're closing cases, and chipping away at the backlog of uninvestigated reports. And in the tragic situation of children who find themselves alone, without a loving home, we are placing them in one faster. This issue is truly heartbreaking. As much as we try, government alone will never solve it. We'll never fully convince bad parents to be good parents. But we can save the lives of children, and that's our goal, every day.

### First Day

Our foster families are the unsung heroes in this tragedy. Making real sacrifices, to provide love to a child who needs it. To them, we can never say it enough: Thank you. We'll always be looking for ways to support them. One way we can help is by recognizing those who take in children in their own extended family. Aunts, uncles. Grandfathers and grandmothers, who raise these children as their own. This is often a better option for a child than going to an unfamiliar family. But unlike other foster families, these family members receive little assistance for taking in their nephew or grandchild. So let's change that, with a "Grandmother Stipend" – providing these families with resources to raise these children.

Many of our citizens have found themselves struggling because of an epidemic plaguing our entire country – drug addiction. It's a problem that knows no bounds. It affects men and women; young and old; rich and poor. We've started to address it in a serious way. Cracking down on doc shopping. Providing better treatment options. Limiting first fills on opioids. And this morning, I sent a letter to the Arizona Medical Board, to require that all doctors in Arizona complete Continuing Education in drug addiction. We also need to make sure a second chance actually is a second chance. Vivitrol has been called a "Miracle Drug" – blocking heroin and painkiller addictions, even alcoholism, and allowing millions of Americans to gain their lives back. This morning I signed an Executive Order so that, effective immediately, people leaving our prison system have the opportunity to be treated with this blocker, before they walk out the doors, to maximize their success of never ever going back.

Chances are, addiction, in some form, has touched the lives of everyone here today. None of us can overcome challenges in life without a support system. Every day, we all rely on friends and family, mentors and advocates. But sadly, many who have served their time, don't have a community of support when they leave prison – making it that much harder. Through efforts like our Community Corrections Centers, we've made strides to help bridge the gap. But more is needed. That's why I'm announcing an effort of the Governor's Office, to engage the faith and non-profit communities in being advocates for our citizens leaving prison and transitioning back into society. And inside our prisons, we'll be adding Employment Centers to help with things like building a resume and getting a job before the release date.

Last summer, I traveled to Navajo County to tour the damage caused by the Cedar Fire. Among the many brave firefighters I met, was a group of inmates, who enlisted in a program through the Department of Corrections. Every year select inmates fight fires throughout Arizona. One of these men looked me in the eye, and told me: "Governor – I felt like a zero. Now I feel like a hero." It's opportunities like this – where Corrections truly becomes *Corrections*. And we need more of them, so that over time, we can turn the tide and reduce our prison population, provide that second chance, while also protecting public safety.

And public safety will *always* be our top priority. That's why last year, we came together and addressed an injustice long ignored: The backlog of untested rape kits in our state. The problem was so bad, we didn't even know how many existed. So we committed to fixing it, and already there have been two indictments as a result of this important work. Through the bipartisan efforts of leaders like Senators Katie Hobbs and Kate Brophy McGee and County Attorney Bill Montgomery – we now have a handle on it, and we are ready to act. My budget fully funds the testing of all remaining rape kits. And with the recommendations of our task force, we are ready to move forward with legislation requiring all future kits to be tested. Let's get this done, and for the thousands of women who have been victimized, finally ensure justice.

When it comes to protecting our state and our citizens, we are going to focus on another area of growing concern – cyber security. With hackers threatening our systems, the government has a responsibility to protect the personal information of our citizens. That is why my budget will include an investment in improved cyber security. If we are going to be entrusted with this information, we must invest in protecting it. Period.

We couldn't accomplish any of these achievements around public safety without the work of our law enforcement agencies throughout the state. And let me just say – we are truly indebted to the thousands of women and men who wake up every day and put on blue. Our cops. They keep our neighborhoods safe. They walk into danger. They risk their lives. I want all our cops to know, the state of Arizona values you. We value your work, and your lives, and your sacrifice. You have our back; and we will always have yours. And there is no better role model when it comes to character, integrity and leadership for our youth, and our cops, than Phoenix's new police chief Jeri Williams. I'm pleased to have her here today as my guest. Chief – welcome home. And tonight, in honor of the service of all our cops, this Capitol dome will be lit blue.

### First Day

Some of our bravest officers have been part of a successful effort created last year: The Border Strike Force. This team is working 24/7 to keep Arizona safe, crack down on the cartels, stop the bad guys, and hunt down the criminals who are smuggling drugs and humans into our country. The numbers are staggering. We've had 1,332 arrests. We've seized more than 30,000 pounds of marijuana and 6.5 million hits of heroin. And our team has confiscated more than \$7 million in cold hard cash. We can't let up. We must continue this fight – for the security of our border, the safety of our state, and the benefit of America.

We are blessed to live in not only a free country, but a secure one. And the credit for that goes to our brave men and women in the armed forces, and our vets. For me, there was no more vivid reminder of the sacrifices they make than last month: The 75<sup>th</sup> anniversary of the attack on the U.S.S. Arizona at Pearl Harbor. Angela and I were honored to represent our state, and spend time with the survivors. This truly was the Greatest Generation, and there's a lot we can still learn from them. But seeing our young soldiers, sailors, airmen and marines standing beside these heroes, it was clear: This new generation of Americans is the next Greatest Generation. And we are indebted to them and their families for the service and sacrifice they are making both here and abroad.

If there's one thing we can agree on, it's this: Arizona is, without a doubt, the most beautiful state in the country. This year marks the 60th anniversary of Arizona Parks. From the red rocks of Sedona to the cool caves of Kartchner Caverns, there is so much beauty for us to celebrate. To kick it off, I'm happy to announce – free admission for all Arizona residents at all state parks and trails over Martin Luther King Day weekend. So put down the iPhone. Get outside. Enjoy some fresh air with your family. And take pride in living here.

Arizona is not without its challenges, but there's no doubt about it: Life really is better here. We are home to some of the top ranked public schools in the nation; the most innovative university in the country; and in a few months, the NCAA Final Four will tip-off right here. By working with our citizens these last two years and across this aisle, with civility and respect – we've seen what's possible for Arizona. Positive outcomes in our schools. Safe communities. A more reliable water future that allows us to thrive in the desert. And an economy that embraces innovation. Let's keep it going – so that the next Raul Castro, or Rose Mofford, or maybe even the next Sandra Day O'Connor, can display their grit, will and determination, and enjoy the boundless opportunities that exist in Arizona and in America.

Thank you and God Bless.

A communication from Governor Douglas A. Ducey on approval of the following bill, with expression of executive intent, was filed:

SB 1130, signed Mar 14, 2017

Dear Secretary Reagan:

Arizona's onerous occupational licensing requirements desperately need comprehensive reform. Professional Licensing boards all too often needlessly obstruct the livelihoods of thousands of Arizonans. Burdensome training requirements, excessive fees and fines, arbitrary investigations and a sense of economic protectionism stand in the way of Arizonans' right to work an honest job.

Senate Bill 1130 is a start; not a solution. By allowing individuals to apply solely for a hairstylist license with less training requirements versus a cosmetology license, more people can work in more jobs quicker.

But Senate Bill 1130 barely dents the thick layers of unjustified regulation. The requirements for licensure still discourage people from pursuing meaningful careers. Cosmetology students working toward licensure, such as Juan Carlos Montesdeoca, are subject to extraordinarily expensive fines even before they apply for a license. This and other examples of government overreach must end.

Professional licensing exists for one purpose and one purpose only—to keep the public safe. There is no role for government restrictions beyond this.

Sincerely,

/s/DOUGLAS A. DUCEY  
Governor  
State of Arizona

**HOUSE CONFEREES:**

Javan D. Mesnard  
Kelly Townsend

**SENATE CONFEREES:**

John Kavanagh  
Debbie Lesko

**Minority Report:**

I oppose HCR2022, balanced budget convention; delegates, as amended in conference committee because the conference committee amendment opens the legislature to unknown costs for attending "planning conventions" anywhere in the country. In addition, the amendment does not address the underlying problems with the resolution and its possible futility.

The conference committee amendment authorizes the legislature to send delegations of legislators to "planning conventions" around the country. The amendment does not address how many conventions may be attended or limit the expenses that may be paid for with taxpayer resources. Without a reasonable constraint on these expenditures, these "planning conventions" may create a de facto travel fund for a selected few legislators.

The underlying resolution is also problematic. Regardless of the number of times or persistence with which the legislatures of the states attempt to set the rules for an actual Article V convention, the fact is that the U.S. Constitution grants the authority to call an Article V convention to the Congress. To spend taxpayer resources for the purpose of practicing what may happen at a future Article V convention would be a misuse of precious taxpayer dollars.

For these reasons, I oppose HCR2022 as amended by the conference committee.

REPORTS OF SELECT COMMITTEES

The Free Conference Committee on Senate Bill 1202 reported:

That the Senate accept the House amendments with exceptions and the bill be further amended.

HOUSE CONFEREES:

Russell Bowers  
David L. Cook

SENATE CONFEREES:

Gail Griffin  
David C. Farnsworth

Minority Report:

We oppose SB1202 forestry and fire management; conformity as amended in conference committee because the conference committee amendment undermines safe wildfire management and unnecessarily risks the health and safety of wildfire responders, residents, and even the private contractors working to suppress wildfires.

The conference committee amendment fails to adequately address the potential disruption to the current wildfire management command structure created by the presence of private contractors and wildfire responders battling the same wildfire. SB1215 insurance; forms; fire protection services, signed by Governor Ducey on March 24, invites private contractors to operate within a wildfire management area for a private property owner at the same time that firefighters battle a wildfire under the direction of an appointed incident commander. As passed by the House of Representatives, by a vote of 56 to 1, SB1202 would have incorporated these private contractors into the state's incident command structure. This coordination is the best way to protect the health and safety of those contractors and all persons within a wildfire management area. At a minimum, this bill should require private contractors notify to an incident commander of their presence in a wildfire management area.

The conference committee amendment is a step in the wrong direction. With fire season in Arizona rapidly approaching, now is the best time to ensure the safety of everyone who responds to wildfires. SB1202, as passed by the House, did just that. The conference committee amendment takes a wait-and-see approach that could risk the lives of wildfire responders throughout Arizona.

**Eighty-seventh Day**

We look forward to a robust stakeholder process to address the concerns of firefighters and property owners, but feel strongly that such a process should occur before the language in this amendment is passed into law.

For these reasons, we oppose SB1202 as amended by the conference committee.

#### BUSINESS ON THE SPEAKER'S DESK

A communication from Governor Douglas A. Ducey on approval of the following bill with expression of executive intent was filed:

SB 1437, signed April 5, 2017

Dear Secretary Reagan:

Evidenced by the numerous stories covered by the media over the past several years, occupational licensing boards are in desperate need of root-and-branch reform.

It is simply unjust for government to decide who can and cannot earn a living except when absolutely necessary to protect public health and safety. All too often, occupational licensing boards create fiefdoms demanding individuals face burdensome training requirements, excessive fees and fines, and arbitrary investigations.

I am signing this bill because I strongly support the provisions related to the Right to Earn A Living Act which will allow individuals to challenge occupational regulations and prevail in a court of law if the regulation on its face or in effect burdens the entry into a profession and the Board has failed to prove by a preponderance of the evidence that the regulation is necessary to fulfill a specific health and safety concern.

**Eighty-eighth Day**

While I applaud that portion of the bill, let me be very clear - Senate Bill 1437 does not address the anti-competition issues raised by the United States Supreme Court in *North Carolina Board of Dental Examiners v. Federal Trade Commission*. Senate Bill 1437 does not require an analysis of whether a specific Board action is anti-competitive. Senate Bill 1437's review by GRRC only applies to rules while the Supreme Court's decision requires review of agency actions beyond rules. Additionally, FTC guidance recommends active review, not simply review upon request as Senate Bill 1437 does.

Boards and commissions need reform that addresses the root cause-not just the symptoms manifested in needlessly prohibitive and discouraging regulations. While Senate Bill 1437 makes positive steps, it inadequately addresses the underlying issues and fails to meet the requirements laid out by the North Carolina Board of Dental Examiners case. I am calling on the legislature to fully address this important issue next session.

As I've stated before, professional licensing exists for one purpose and one purpose only-to keep the public safe. I urge those who supported Senate Bill 1437 to get on board with a root-and-branch reform effort that addresses the anticompetitive issues identified by the Supreme Court-not just the symptoms of the real problem. I look forward to working with the proponents of this bill on additional reforms.

Governor  
State of Arizona

**PROTEST**

In accordance with Article IV, Part 2, Section 16, Constitution of Arizona, and House Rule 20, the following protest was entered:

I oppose SB1042 because the bill fails to address fundamental problems in the underlying issue. It neither provides adequate means to alleviate the teacher shortage in Arizona nor does it maintain appropriate standards for the teaching profession. Furthermore, the whole process related to SB1042 was rushed and riddled with errors. My concerns could not be addressed because the conference committee chairs hurriedly adjourned committee, silencing legislators and the public alike. This process went against a fundamental principle of democracy.

I am outraged at these continued attacks on our teachers and the clear lack of respect shown to me and my colleagues throughout this process. This is the second time I and members of the minority caucus have been silenced on this issue in a week. Rules and procedures should be used to elevate discussion and not to unnecessarily cut off debate. We have not been given the ability to fully review and discuss legislation that drastically changes the quality of the education our children receive. I find the treatment my colleagues and I have received unacceptable.

## PROTEST

In accordance with Article IV, Part 2, Section 16, Constitution of Arizona, and House Rule 20, the following protest, relating to her protest April 13, 2017, was submitted to the Chief Clerk:

RULE 20: Point of Protest  
Representative Athena Salman  
Legislative District 26

On April 18, 2017, I gave the opening prayer and the Speaker ruled me in violation of House Rule 7-2.

This ruling violates the establishment clause of the First Amendment.

The action violates the Arizona Constitution Article XX §1 that requires “perfect toleration ...and no inhabitant of this state shall ever be molested in person or property on account of his or her mode of religious worship, or lack of the same.” Government cannot force people to pray and punish people for not praying in a particular way. The Arizona Court has made that clear in *Appeal in Cochise County Juvenile Action* (1982) when it said, “We cannot imagine that the Legislature would give preferential treatment to one religion over another because one is more established and thus more acceptable than another.”

**One Hundred Second Day**

This action also violates the U.S. Constitution and the Supreme Court ruling in *Greece v. Galloway* (2014) that prohibits disparaging of other faiths **or none**. To rule my statements out of order is to disparage a person of no faith in violation of the law.

Other members of the House violated Rule 18 regarding decorum and debate and Rule 19 regarding impugning other member's motives.

ADJOURNMENT

Motion by Mr. Allen that the House stand adjourned until 1:15 p.m., Monday, April 24, 2017.

Minority Report:

We oppose SB1042, teacher certification; reciprocity because the conference committee amendment fails to address fundamental problems in the underlying legislation. The bill neither provides adequate means to alleviate the teacher shortage in Arizona nor does it maintain appropriate standards for the teaching profession. Furthermore, the drafting of this legislation was rushed and riddled with errors. These concerns could not be addressed because the conference committee chairman and chairwoman refused to allow open debate of the amendment. This silenced discussion

from legislators and the public alike. This process went against a fundamental principle of democracy.

Instead of addressing the true cause of the teacher shortage crisis in Arizona, this legislation weakens teaching standards and makes it easier for unqualified individuals to mold the minds of our children. The fundamental cause of our state's teacher shortage is a demonstrated lack of respect for teachers, poor pay and large class sizes. Arizona teachers are among the lowest paid educators in the country and have larger class sizes than the national average. If this bill provided for more pay, peer-to-peer mentoring or addressed the concerns of educators who are now in the classroom, we could certainly start addressing the shortage. That is not the case with SB1042.

We also have particular concerns with those provisions that retroactively approve denied or revoked applications from providers of alternative preparation programs. This bill creates a second chance for a specific teacher preparation program that failed to meet the standards set by the Department of Education and was denied approval by the State Board of Education. This legislation circumvents the State Board's authority and sets a clear precedent for organizations that fail to meet reasonable standards to come to the legislature.

We are outraged at these continued attacks on our teachers and the clear lack of respect shown towards their profession. There are currently several pathways, both traditional and nontraditional, for individuals to become teachers. In addition, this legislation fails to consider the factors that have led to our current teacher shortage. Low pay, working conditions, and lack of respect for the profession are main drivers leading educators out of the classroom. We should be supporting our teachers and holding them accountable to appropriate standards ensuring our children receive the best education possible throughout the state.

For these reasons, we oppose SB1042 as amended by the conference committee.

Dear Speaker Mesnard,

Today, I vetoed House Bill 2128.

I commend Representative Allen's commitment to rooting out waste, fraud and abuse in government. The waste of taxpayer dollars is an offense to the taxpayers and persons who rely on government services.

HB 2128 is a step in the right direction. I am concerned, however, that the bill includes some vague and ambiguous language that will result in unintended consequences.

I look forward to working with Representative Allen on this important issue in the future.

Sincerely,

/s/DOUGLAS A. DUCEY  
Governor  
State of Arizona

## BUSINESS ON THE SPEAKER'S DESK

A communication from Governor Douglas A. Ducey on approval of the following bill, with expression of executive intent was filed:

SB 1080, signed April 27, 2017

Dear Secretary Reagan:

Distracted driving is a growing problem in Arizona and nationally. I generally believe that public awareness and education campaigns are a more effective remedy to prevent accidents and save lives than blanket laws that let politicians feel like they've checked the box, and then move on to the next issue. For that reason, I am skeptical of large-scale bans on texting while driving — I just don't think they work.

But this bill is different. The state already regulates a number of things when it comes to early driving by teens. And for good reason. For our youth, these laws can act as a teacher. In fact, I'd be in favor of a law that goes further, banning texting while driving for all minors. Driving is a privilege for our youth, and they are still the responsibility of their parents, financially and otherwise, before the age of 18.

If we can use the early years of their driving experience as an opportunity to guide them toward safe and responsible habits, that's a good thing.

Sincerely,

/s/DOUGLAS A. DUCEY  
Governor  
State of Arizona

**PROTEST**

In accordance with Article IV, Part 2, Section 16, Constitution of Arizona, and House Rule 20, the following protest was entered:

I protest Rep. Michelle Ugenti-Rita's mischaracterization of my comments during a hearing in the Ways and Means Committee, as well as the way the committee meeting was called. In the middle of debating the budget on the floor, instead of focusing on the most important issues of our state, the rules of the House were suspended to allow a vote in committee on a dead bill. That bill forces cities, towns and counties to hold sales tax elections in November of even-numbered years, rather than when the jurisdiction believes it is best.

In committee, I raised my objection to hearing a bill about the timing of elections for local sales tax issues instead of focusing on vital funding issues in the budget, such as salaries for our public school teachers and support for our poorest families. Rep. Ugenti-Rita, in explaining her vote, urged listeners to misinterpret my words and conclude that Democrats don't care about elections. I attempted to clarify my comments and correct her mischaracterization, but the chairwoman refused to let me speak.

Fair and open elections are fundamental to our democracy, and I support our local jurisdictions' authority to set election dates that best serve their community.

On May 22, 2017, the Governor approved the following with expression of executive intent:

HB 2014, legal tender exchange; tax effect

Dear Secretary Reagan:

Today, I signed House Bill 2014.

This bill represents the culmination of great efforts by the sponsor, Rep. Finchem, to provide protections important to him and his constituents, while minimizing the costs and risks for this State. As transmitted the bill provides for the tax-neutral treatment of a very limited class of collectibles, using narrowly defined language. Additionally, the bill contains no new administrative mandates, and compared to previous iterations, should be easier to implement.

Sincerely,

/s/DOUGLAS A. DUCEY  
Governor  
State of Arizona

On May 22, 2017, the Governor disapproved the following:

HB 2169, state retirement; waiting period; repeal

Dear Secretary Reagan:

Today, I vetoed House Bill 2169. I appreciate the sponsor's concern and hard work on this issue. However, I am concerned about the fiscal impact the legislation will have on the State General Fund.

Sincerely,

/s/DOUGLAS A. DUCEY  
Governor  
State of Arizona

SB 1036, charter schools; rulemaking exemption

Dear Secretary Reagan:

Today I vetoed Senate Bill 1036. While I support providing the State Board for Charter Schools exemption from rulemaking, the additional requirements of the bill are onerous.

Sincerely,

/s/DOUGLAS A. DUCEY  
Governor  
State of Arizona

SB 1209, teacher; principal; evaluation instrument

Dear Secretary Reagan:

Today, I vetoed Senate Bill 1209. This bill diminishes the impact and focus of improving student academic outcomes as a measurement of quality teaching and learning.

Sincerely,

/s/DOUGLAS A. DUCEY  
Governor  
State of Arizona

SB 1247, conservative easement; in lieu payments

Dear Secretary Reagan:

Today, I vetoed Senate Bill 1247; conservative easement; in lieu payments. The bill sought to establish a voluntary payment structure in lieu of taxes for property with conservation easements on them, which is an uncertain, and slippery slope for taxation in our state, and a potential threat to the future of the military installations in Arizona.

Sincerely,

/s/DOUGLAS A. DUCEY  
Governor  
State of Arizona

SB 1337, industrial hemp; licensing

Dear Secretary Reagan:

Today, I vetoed Senate Bill 1337 industrial hemp; licensing. The bill lacks funding for the Department of Agriculture to properly implement a new program of this kind.

Sincerely,

/s/DOUGLAS A. DUCEY  
Governor  
State of Arizona

SB 1384, school-sponsored media; student journalist

Dear Secretary Reagan:

Today, I vetoed Senate Bill 1384.

I am a strong supporter of free speech and a free press. The First Amendment is vital to our American system of democracy, and I have a record of supporting legislation to protect these constitutional rights and opposing those that erode them.

I also believe student journalists play an important role, in part because they are the next generation of journalists who will hold our government and leaders accountable.

I worry, however, that this bill could create unintended consequences, especially on high school campuses where adult supervision and mentoring is most important.

Sincerely,

/s/DOUGLAS A. DUCEY  
Governor  
State of Arizona

**RULE 1  
MEMBERS**

A. The House may punish its members for disorderly behavior and may, with the concurrence of two-thirds of the members elected to the House, expel any member (Arizona Constitution, Article IV, Part 2, Section 11). A violation of any of the House Rules shall be deemed disorderly behavior. When a roll call vote is ordered on the floor of the House and subject to the provisions of Rules 6 and 14, members are required to vote after a reasonable time, as determined by the Chair, and may be punished for disorderly conduct if the member fails to vote after a reasonable time.

B. When any member shall be guilty of a breach of any of the Rules and Orders of the House, and the House has determined that he has so transgressed; he shall not be permitted to vote or speak, except by way of excuse for the same, until he has made satisfaction.

C. Any member having obtained leave of absence and having in his possession papers relative to business before the House shall leave same with the Chief Clerk.

**RULE 2  
ANNUAL SESSIONS**

A. Except as provided herein, regular sessions shall be adjourned sine die no later than Saturday of the week in which the one hundredth day from the beginning of each regular session falls. The Speaker may by declaration authorize the extension of the session for a period not to exceed seven additional days. Thereafter the session can be extended only by a majority vote of the House.

B. If not considered in the regular session, the general appropriations bill, the general capital outlay bill and the university capital outlay bill may be considered each year in a special session which shall be called only for that purpose.

**RULE 3  
OFFICERS AND EMPLOYEES**

A. The House shall elect as an officer of the House a Speaker, and shall elect a Chief Clerk and such other employees as the House directs.

B. All House employees shall be under the immediate direction of the Speaker of the House, who shall have the power to designate the person who shall be in immediate supervision of the different departments.

C. Employment, compensation and termination of personnel shall be determined by the Speaker.

D. Employees of the House are prohibited from lobbying during the term of their employment, and a violation of this Rule will be sufficient cause for the summary discharge of the offending employee.

E. No person shall be employed as a House employee who is an agent for the prosecution of any claim against the state or who is interested in such claim otherwise than as an original claimant and it shall be the duty of the Speaker to report to the House any violation of this Rule.

**RULE 4  
THE SPEAKER**

A. The Speaker shall take the Chair at the hour to which the House shall have adjourned; immediately call the members to order; cause the roll to be called; and, if a quorum be present, cause the Journal of the proceedings of the last day's sitting to be read, if requested by a majority of the members elected to the House.

B. The Speaker shall preserve order and decorum; decide all points of order subject to an appeal to the House, on which appeal no member shall speak more than once, except by permission of the House; may speak to points of order in preference to other members; and may vote in all cases except to determine his own rulings.

C. The Speaker shall sign all bills, resolutions, memorials, addresses, writs, warrants and subpoenas issued by order of the House.

D. At each session the Speaker shall announce the Order of Business in conformity with Rule 7.

E. The Speaker may appoint a member as Speaker Pro Tempore to perform the duties of the Speaker. In his omission to make such appointment, the House shall proceed to elect a Speaker Pro Tempore to act during the Speaker's absence.

F. The Speaker shall have the general control of the House Chamber and the corridors, passages and committee, hearing and staff rooms of the House of Representatives and all other matters which pertain to the House of Representatives' building and related parking lots.

G. All debts incurred by the House of Representatives, either during session or between sessions of the Legislature, shall be paid by claims drawn on the Finance Division; and all claims so issued shall be signed by the Speaker.

H. The Speaker is authorized to call meetings of standing and select committees of the House during periods when the House is not in session and to approve claims for travel and subsistence incurred by members of such committees in attendance thereon, as provided by law.

I. The Speaker shall be responsible for authorizing the accounts for the pay, mileage and subsistence of members and employees, and pay them as provided by law.

J. Every bill, resolution and memorial, except death resolutions and Senate bills to be substituted on third reading pursuant to Rule 7 C, shall automatically be assigned to the Rules Committee at the time of assignment to another standing committee without action upon the part of the Speaker.

**RULE 5  
THE CHIEF CLERK**

A. The Chief Clerk shall keep the Journal of the House and enter therein the record of each day's proceedings, including every question of order which shall be decided on appeal, with the decision thereon, and the hour of adjournment.

B. The Chief Clerk shall prepare copies of the Committee of the Whole Calendar and deliver the same in paper form or electronically to the members, and prepare such other memoranda as the House or Speaker may direct.

C. The Chief Clerk shall transmit to the Senate every bill or other measure, immediately after its passage, to which concurrence is necessary.

D. The Chief Clerk shall transmit all messages from the House to the Senate and Governor, unless the House shall otherwise direct, and shall perform such additional duties as may be assigned by the House or Speaker.

E. The Assistant Chief Clerk shall, in the absence of the Chief Clerk, perform the duties of the Chief Clerk.

**RULE 6**  
**ROLL CALL, QUORUM, CALL OF THE HOUSE**

A. Every member shall be present within the Hall of the House during its sitting, unless excused by the Speaker prior to roll call or necessarily prevented; and shall vote on each question put, unless the member has a personal financial interest in the question, as set forth in Rule 35 or unless the member is excused from voting in accordance with Rule 14.

B. Upon every roll call the names of the members shall be called alphabetically by surnames. When members have the same or similar surnames, the designation of the district shall be added.

C. The majority of the members elected to the House shall constitute a quorum to do business; but a smaller number may meet, adjourn from day to day and compel the attendance of absent members in such manner and under such penalties as the House may prescribe. The House shall not adjourn for more than three days between the day of adjournment and the day of reconvening, nor to any place other than that in which it may be sitting, without the consent of the Senate (Arizona Constitution, Article IV, Part 2, Section 9).

D. The purpose of the Call of the House is to compel the attendance of absent members.

E. A motion or demand for a Call of the House is not debatable or amendable and may not be laid on the table, postponed, referred to committee or have other subsidiary motions applied to it.

F. When no quorum is present, a Call of the House takes precedence over all other motions. Any member may raise the question of no quorum; and if a quorum is not present, the House must either order a Call of the House, recess or adjourn. The motion for a Call of the House is agreed to by a majority of those voting, but may not be ordered by less than 10 members including the Speaker.

G. When a quorum is present, a Call of the House ranks as a "question of privilege". A Call of the House may be ordered by a majority of the members voting, provided the minimum number authorized to order a Call of the House is present.

H. When a Call of the House has been ordered, the doors are closed, the Chief Clerk calls the roll of members and notes the absentees. The Sergeant at Arms shall forthwith proceed to bring in absent members until two-thirds of the members elected to the House are present, and present them at the bar of the House, whereupon the members shall be noted as present, discharged from custody, be given an opportunity to vote; and their vote shall be recorded.

**RULE 7**  
**ORDER OF BUSINESS,**  
**SUBSTITUTION OF SENATE BILLS FOR HOUSE BILLS**

A. The House shall convene at the call of the Speaker each day during legislative session unless a different time or day is fixed by the Body. The daily Order of Business shall be as follows:

1. Roll Call
2. Prayer
3. Pledge of Allegiance
4. Approval of the Journal

**RULE 8  
BILLS, RESOLUTIONS, MEMORIALS, ENGROSSED COPIES,  
AMENDMENTS**

A. Every bill, resolution and memorial shall be read by sections on three different days, unless in case of emergency, two-thirds of the House deem it expedient to dispense with this Rule. The vote on Third Reading and Final Passage of any bill, resolution or memorial shall be taken by ayes and nays on roll call. Final Passage shall be the final disposition of a bill by the House (refer to Arizona Constitution, Article IV, Part 2, Section 12).

B. Bills, resolutions and memorials may be introduced by a member by presenting copies of such bill, resolution or memorial to the office of the Chief Clerk. The Chief Clerk shall have 24 hours to process such bill, resolution or memorial preceding the day of actual introduction. The name of the sponsor or sponsors shall be on the attached signature page of the bill. Introductions "by request" shall be so designated. A bill introduced in the House may be cosponsored by Senate members. A measure shall only have one prime sponsor; all others shall be designated as cosponsors. A House member's cosponsorship may be withdrawn by that member from any House measure that is in possession of the house. Cosponsorship withdrawal is irrevocable. Following an effective withdrawal of cosponsorship of the measure, the member shall not be identified as a sponsor of the measure on any subsequent calendars, agendas, reports, orders or other publications of the House. Withdrawal of cosponsorship shall be effective if all of the following apply:

- 1. The member gives a written statement of withdrawal in the form prescribed by the Chief Clerk, delivering the statement to the office of the Chief Clerk and a copy to the Engrossing Clerk.
- 2. The measure has not been brought for a vote on Third Reading of Bills.

C. Bills, resolutions and memorials may be introduced during the first 33 days of a regular session and during the first 10 days of a special session. Thereafter, with the exception of death resolutions, introduction may be allowed only with the permission of the Rules Committee. Every bill, resolution or memorial shall have at least one prime sponsor. A member may not be the prime sponsor of more than seven bills introduced after 5:00 p.m. on the fourth day of each regular session. For purposes of this Rule the first name on a bill shall be considered the prime sponsor.

D. Bills, resolutions and memorials may be prefiled by any member-elect for introduction in the first regular session during the period following the filing of the certification of election until the first day of the regular session. Bills, resolutions and memorials may be prefiled for introduction in the second regular session during the period from November 15 next preceding the second regular session until the first day of the second regular session. Bills, resolutions and memorials may be prefiled for introduction in any special session during the period following the Governor's proclamation until the first day of the special session, such bills being germane to the call.

E. A bill, resolution or memorial shall be prefiled in the same manner prescribed for introduction. Bills, resolutions and memorials prefiled for introduction pursuant to this Rule shall be deemed to have been actually introduced on the first day of each regular or special session.

F. Bills, resolutions and memorials accepted for introduction shall be entered in the Journal by the Chief Clerk.

G. The original of a bill, resolution or memorial shall be designated by blue backing, marked "original" and shall remain in the possession of the Chief Clerk. Copies shall be distributed as the Speaker directs.

H. All bills prepared for introduction which propose to add to the statutes or amend existing statutes shall show the proposed new language in capital letters (upper case) and the deletions shall be shown in regular type (lower case) lined through.

I. On First Reading of bills, resolutions or memorials, the measure shall be referred to the Chief Clerk for printing. The Speaker shall determine the number of bills, resolutions or memorials to be duplicated.

J. On First Reading, all bills, resolutions or memorials shall be referred by the Speaker or the Speaker's designee to appropriate committees. Each committee shall report each measure it carefully considers back to the House with such recommendations as may be deemed proper. All amendments proposed by the committee shall be separately reported. If the Speaker designates his referral authority pursuant to this rule to any member of the House other than the Speaker Pro Tempore the designation shall be in writing, state the period of time for which it is effective, and be filed in advance with the Chief Clerk.

K. When the first committee reports the measure to the House, the Speaker places it on the House Calendar (Inactive Calendar). When the last committee to which the measure was referred reports to the House, it is the property of the Committee on Rules, which considers the measure. The Speaker sets the order of the measures on the Active Calendar for the consideration of the Committee of the Whole.

L. The Speaker may direct that any bill be second read at the time of its consideration by the Committee of the Whole or on any day prior thereto.

M. When the Committee of the Whole has completed its deliberations, it is dissolved and reports to the House. By motion, the report of the Committee of the Whole is adopted by the House (or amended) and the Speaker properly assigns the House measures (or amended Senate measures) to be engrossed for Third Reading.

N. The original and two copies of each engrossed measure shall be on paper of durable quality and shall be stamped on each page thereof with the blind embossed stamp of the House. All engrossed pages not having a full complement of typed lines shall be marked from the end of the typed page to within one inch of the end of such page. The original House engrossed House bill shall have a green backing. The original House engrossed Senate bill shall have an orange backing.

O. The engrossed measure shall not be subject to amendment on Third Reading or Final Passage of the measure.

P. The House shall provide the Senate and the Legislative Council with sufficient copies of each amended engrossed House measure on green paper with a cover page. For House amendments to Senate measures, the same number of copies shall be provided but shall consist only of those pages containing the adopted House amendments and cover page. For unamended House measures the same number of green cover pages shall be provided stating that the measure passed as introduced, which will be identical to the original and printed copies.

Q. All bills, resolutions, memorials and engrossed measures shall be line-numbered, and such numbering shall begin with the enacting clause. Uniform sized paper, 8-1/2" x 11", shall be used. All paper and ink used by the House for the purpose of permanent records shall be of durable quality.

R. Amendments shall have uniform headings and shall read "amendment to" and shall be in the same form as the original bill. The amendment shall refer to page and line number only and when referring to more than one line shall read "lines ... through ...". If everything after the enacting clause is stricken, the amendment shall read "strike everything after the enacting clause". All amendments shall contain the language which states "amend title to conform". Substantive floor amendments shall be printed and placed on each member's desk a reasonable time prior to Committee of the Whole unless previously distributed. Substantive proposed amendments shall be reviewed for constitutionality and approved as to proper form by House Rules Counsel or other qualified personnel designated by the Speaker prior to presentation in all committees, including Committee of the Whole and conference committees.

S. No amendment to strike everything after the enacting clause and insert new material shall be in order unless notice of intent to offer such an amendment has been given by at least 4:00 p.m. on the second previous working day, excluding Saturday, Sundays and holidays, in advance of the committee meeting at which the amendment is to be considered by delivering a draft of the proposed amendment to the office or the secretary of each member of the committee, posting such notice at the Information Desk and leaving a copy of the draft in the office of the Chief Clerk. A strike-everything amendment for a House measure must be germane to the underlying bill, it may broaden the purpose of the measure but shall be confined to only those matters properly connected therewith. Following the adoption of a strike-everything amendment to a House measure in possession of the House, a House member's cosponsorship may be withdrawn upon submission of a written request from the cosponsor to the Chief Clerk prior to third reading.

Unless a reconsideration motion has been offered and failed, a chairman may place a measure that failed in committee on any subsequent agenda.

4. A bill not on the committee agenda shall be scheduled for discussion at the next subsequent committee meeting by presentation of a petition containing the signatures of two-thirds or more of the committee members.

5. A roll call vote shall be taken in each standing committee when final action on any bill is voted.

6. Written committee reports shall be filed with the Chief Clerk's Office within a reasonable time but no later than two weeks from time of completion of meetings. **RULE 10  
REPORTS OF COMMITTEES**

A. Reports of Standing Committees shall be announced to the House upon receipt of reports from the committees. Reports from the following committees concerning matters herein named shall have precedence and may be received at any time except in Committee of the Whole:

B. The Third Reading Consent Calendar shall be set by the Speaker and shall consist of select unamended measures reported out of all committees to which they were referred. It shall be dated, printed, placed on each member's desk or delivered electronically and posted at the Information Desk two working days prior to being accepted. Any member who wishes to protest any measure bypassing the Committee of the Whole may submit a protest in writing to the Chief Clerk's Office with a copy for the Speaker's Office during the two-day posting. This protest will automatically remove the measure from the Third Reading Consent Calendar. Subject to Rule 12(O), the measures remaining on the Third Reading Consent Calendar will then be placed on the Third Reading Calendar.

C. The COW Consent Calendar shall be set by the Speaker and shall consist of select amended measures reported out of all committees to which they were referred. It shall be dated, printed, placed on each member's desk or delivered electronically and posted at the information desk two working days prior to being accepted. Any member who wishes to protest any measure being subject to group motion and adoption of all committee amendments and instead who wishes to require that the amended measure be subject to debate in the Committee of the Whole may submit a protest in writing to the Chief Clerk's Office with a copy for the Speaker's Office during the two-day posting. This protest will automatically remove the measure from the COW Consent Calendar. Additionally, the filing of a floor amendment with the Chief Clerk will automatically remove the measure from the COW Consent Calendar. Subject to rule 12(O), the measures remaining on the COW Consent Calendar and passed will then be placed on the Third Reading Calendar.

F. In Committee of the Whole all questions shall be decided by a majority of those voting.

G. No seconds are required to motions in Committee of the Whole.

1. Do pass
2. Be recommitted to a committee for further study

L. When the Committee of the Whole has completed its deliberations, it is dissolved and reports to the House. By motion the report of the Committee of the Whole is adopted by the House (or amended) and the Speaker properly assigns the House measures (or amended Senate measures) to be engrossed for Third Reading.

M. With the exception of committee amendments, no proposed amendment in Committee of the Whole to strike everything after the enacting clause and insert new material shall be in order and the report of the Committee of the Whole shall not be amended to circumvent this Rule.

N. Without objection, a motion to recommend that a measure do pass or do pass amended may be made in Committee of the Whole grouping together unamended measures and amended measures on the COW Consent Calendar. Upon request by any member, a measure shall be excluded from the mass motion.

### **RULE 14 VOTING**

A. All motions may be determined by a voice vote, teller, or on request of two members by a roll call, and by declaration of the result by the Speaker or designated member; provided that the voice vote shall not apply to Third Reading and Final Passage of a bill, resolution or memorial.

B. No member shall be permitted to vote unless present in person to cast his vote.

C. No member shall vote for another, nor shall any person not a member cast a vote for a member. D. When a roll call vote is ordered, every member who shall be within the Hall of the House shall vote, aye or nay, unless the member has filed a statement of personal financial interest in the question or is excused by the House pursuant to subsection E.

E. Subject to Rule 4(B), when a roll call vote is ordered, no member shall leave the chamber until the vote is declared. The roll will be taken once only. When a member declines to vote, the member shall be required to specify the reason. If a member declares a personal financial interest in the question and the member has failed to file a statement pursuant to rule 35 or if the reason given is other than a personal financial interest in the question, the presiding officer shall submit the question to the House, "Shall the member be excused from voting for the reason given?" The question shall be decided without debate before the roll call vote is taken and the result is announced.

F. A member may change his vote after the roll call has been completed and before announcement of the result, but not thereafter.

G. Every member shall have the privilege of explaining his vote (such explanation shall not exceed five minutes) and shall further be permitted to have his written explanation placed on file in the Office of the Chief Clerk and the Journal shall so show except that this provision shall not apply in committees of the House.

H. The Speaker or designated member shall declare all votes; but if any member doubts a voice vote prior to the declaration of the vote by the Speaker or designated member, a rising vote shall be ordered and the result declared.

**RULE 15**

Those in favor will vote aye. Those opposed will vote nay. Do not vote until you hear the bell. The House will now proceed to vote."

D. When sufficient time has been allowed the members to vote, the Chair shall announce: "Have you all voted?" and after a short pause shall say: "The Clerk will now record the vote."

E. The Chief Clerk shall immediately start the recording equipment and, when completely recorded, shall present the result to the Chair, who shall announce same to the House. The Chief Clerk shall enter upon the Journal the result in the manner provided by the Rules of the House.

**RULE 16**  
**MOTION TO AMEND, GERMANENESS**

A. When a motion or proposition is under consideration, a motion to amend and a motion to amend that amendment shall be in order. No amendment in the third degree shall be allowed.

B. It shall be in order to offer a further amendment by the way of a substitute amendment.

C. A motion to strike out and insert is indivisible, but a motion to strike out being lost shall neither preclude amendment nor shall a motion or proposition on a subject different from that under consideration be admitted under the color of amendment.

D. The Arizona Constitution (Article IV, Part 2, Section 13) provides in part that "every act shall embrace but one subject and matters properly connected therewith, ...". To comply with this requirement, an amendment may not expand the scope of the original bill to give it a new purpose. A bill including any amendments shall be presumed to contain one subject if:

1. The resulting bill has one general purpose and all other matters contained therein are related to that purpose or necessary to effectuate the purpose.

2. The resulting bill is a major revision of a program or agency and each of the provisions relates to the revision.

3. The bill offers only technical or conforming changes to the statutes.

4. The bill is an omnibus taxation or appropriation measure and each provision relates to the same general purpose of the bill.

5. The bill is a result of a strike everything after the enacting clause amendment and substitutes material designed to accomplish only one purpose.

F. Upon request of any member each amendment shall be considered separately.

2. Refuse to concur in Senate amendments and appointment of Conference Committee (simple or free).

3. Speaker may refer the bill with the Senate amendments to a committee which after study shall recommend concurrence or nonconcurrence.

4. The Speaker may refer a measure that was subject to Senate amendments that introduced new material or was the subject of a strike everything amendment to a free Conference Committee that is primarily comprised of members of a standing committee that is customarily assigned similar subject matter and the measure's prime sponsor. Public testimony shall be allowed at the conference committee.

B. Any amendment by the Senate which includes the addition of the emergency clause or the requirements for enactment clause (refer to Arizona Constitution, Article IX, section 22) or a three-fourths clause to amend or supersede an initiative or a referendum or to appropriate or divert funds created by an initiative or a referendum (refer to Arizona Constitution, Article IV, Part 1, Section 1, Subsections (6) (C), (6) (D) or (14)) shall require a two-thirds vote of the members elected to the House for Final Passage with the emergency clause or the requirements for enactment clause or a three-fourths vote of the members elected to the House for Final Passage of a measure to amend or supersede an initiative or a referendum or to appropriate or divert funds created by an initiative or a referendum.

C. Conference Committees may be either simple or free. A Simple Conference Committee shall be limited to points of disagreement between the two Houses and shall not add unrelated new material, except to conform to the provisions to other sections of the bill, enactments of the current session or procedural requirements. A Free Conference Committee may recommend striking amendments, compromising disagreements or inserting something entirely new except that a Free Conference Committee may not recommend striking everything after the enacting clause and inserting new material. A Free Conference Committee shall not take final action on a Free Conference Committee report to a House measure unless the measure has been heard in a public hearing of the Free Conference Committee.

D. A copy of each Conference Committee report shall be placed on each member's desk or delivered electronically a reasonable time before consideration of the report. Any member may request, and the Speaker shall grant, a one-time delay per measure of up to 24 hours prior to adoption of the Conference Committee report. Adopted conference reports and the House bills to which they pertain shall be referred for engrossing, and the bill after being engrossed shall be placed on Final Passage.

E. Except as provided herein, Conference Committees shall consider all bills prior to the Saturday of the week in which the ninety-seventh day from the beginning of each regular session falls. No Conference Committee shall meet to consider a bill after such time without the written permission of the Speaker.

**RULE 18**  
**DECORUM AND DEBATE**

A. When a member desires to speak in debate or deliver any matter to the House, or make a motion, he shall rise and address himself to the Chair, and on being recognized may address the House. He shall confine himself to the question and avoid personalities. No member shall impeach or impugn motives of any other member's argument or vote.

B. When a measure is presented for consideration to the House or in Committee of the Whole, the sponsor of such measure shall be entitled to recognition to open and close the debate. In his absence another member shall be designated to open and close debate on the measure.

C. When two or more members rise, the Chair shall name the member who is to speak; but in all cases the member who shall first rise and address the Chair shall speak first.

D. No member shall interrupt another while speaking except to call to order, to correct a mistake or to move the previous question.

No other member shall speak more than 5 minutes in favor of or in opposition to any motion, question or each amendment to the motion or question except as further provided in this Rule.

F. A member shall have 5 minutes to open and 5 minutes to close debate on any amendment proposed by the member to the original motion or question except as further provided in this Rule.

G. No member other than the member who opens and closes the debate shall speak more than once on any motion, question or each amendment to the motion or question, nor more than the time limits for speaking as provided in this Rule, unless a member desiring to speak more than once, or more than the time limits for speaking is accorded the privilege without objection or upon a motion supported by two-thirds of the members elected to the House.

### **RULE 19 IMPERMISSIBLE DEBATE**

A. No member shall be permitted to indulge in personalities, use language personally offensive, arraign motives of members, charge deliberate misrepresentation or use language tending to hold a member of the House or Senate up to contempt.

B. If any member be called to order for words spoken in debate, the member calling him to order shall repeat the words excepted to; and they shall be taken down in writing at the Chief Clerk's desk and read aloud to the House, but he shall not be held to answer or be subject to the censure of the House therefor if further debate or other business has intervened.

C. If any member, in speaking or otherwise, transgresses the Rules of the House, the Speaker shall, or any member may call him to order, in which case he shall immediately sit down unless permitted to explain; and the House shall, if appealed to, decide the case without debate. If the decision is in favor of the member called to order, he shall be at liberty to proceed, but not otherwise; and, if the case requires it, he shall be liable to censure or such punishment as the House may deem proper.

D. There shall be no debate at the Third Reading or Final Passage of a bill except by a two-thirds vote of the members elected to the House.

### **RULE 20 PROTEST**

A. Any member shall have the right to protest and have the reasons of his protest entered in the Journal (Arizona Constitution, Article IV, Part 2, Section 16) subject to provisions of paragraph B of this Rule. Any member rising to speak on protest shall be allowed to speak for a period not to exceed 10 minutes.

B. The protest of any member, not exceeding 200 words, may be entered in the Journal; but the language thereof shall impute no unworthy motive to any other House or Senate member nor transgress the Rules of the House relating to language used in debate.

### **RULE 21 MOTIONS**

A. When a motion has been made, the Speaker shall state it or if it be in writing cause it to be read aloud by the Chief Clerk before being debated. It shall then be in possession of the House, but may be withdrawn at any time before debate begins or amendment is offered. No motion shall be recognized without the member rising and addressing the Chair.

B. All motions shall be reduced to writing, if requested by the presiding officer or by a member, and shall be entered in the Journal with the name of the member making it, and shall be read before the same shall be debated.

C. No dilatory motion shall be entertained by the Speaker or Chairman.

D. "Privileged Questions" are a class of motions which have the highest precedence.

E. When the question is under debate, no motion shall be received but:

	<b>Debatable</b>	<b>Amendable</b>	<b>Majority Vote</b>
1. To adjourn	NO	NO	YES
2. To take a recess	NO	YES	YES
3. To lay on the table	NO	NO	YES
4. For the previous question	NO	NO	YES
5. To postpone to a time certain	YES	YES	YES
6. To commit, refer or recommit	YES	YES	YES
7. To amend	YES	YES	YES
8. To amend an amendment.	YES	NO	YES
9. To offer a substitute amendment	YES	YES	YES
10. To amend a substitute amendment	YES	YES	YES
11 To postpone indefinitely	YES	NO	YES

These several motions shall have precedence in the foregoing order, and no motion to postpone to a time certain, to refer, or to postpone indefinitely, being the same day at the same stage of the question decided, shall again be allowed on the motion.

**RULE 22  
PREVIOUS QUESTION**

A. The previous question shall be put in the following form: "Those in favor of ordering the previous question will vote aye; those opposed will vote nay".

B. The motion for the previous question, when agreed to, has the effect of cutting off all debate and bringing the House to a direct vote upon pending amendments, if any, in their order, and then upon the main question, except that after the previous question has been ordered, each side shall be allowed five minutes, the affirmative closing the debate.

C. When the member entitled to speak under this Rule is absent, the member first in order upon the committee reporting the measure, who is present and joined in the report, shall have the right to occupy such time.

D. After the previous question has been ordered on the passage of a measure, one motion to recommit shall be in order. The previous question is not debatable or amendable and requires a majority of those voting.

**RULE 23  
POSTPONEMENT**

A. The motions to postpone are two in number and distinct: (1) to a day certain and (2) indefinitely.

1. The motion to postpone to a day certain is in order immediately after the approval of the Journal unless displaced by more highly privileged business. The motion is subject to amendment, debatable within narrow limits only (the merits of the bill to which it is applied not being within those limits) and requires a majority of those voting.

**RULES OF THE HOUSE**

2. The motion to postpone indefinitely opens to debate all merits of the proposition to which it is applied. It is not applied to motions to refer, suspend the rules or resolve into a Committee of the Whole. The motion cannot be amended and requires a majority of those voting.

Such motion shall take precedence of all other questions except a motion to adjourn or the consideration of a conference report.

B. The motion to reconsider is adopted by an affirmative vote of a majority of those voting, even when the vote reconsidered is on a matter that requires two-thirds or more of those voting for affirmative action. On motion to reconsider, the ayes and nays having been acted on, another motion to reconsider is not in order.

1. Intentionally solicit, accept or agree to accept from any source, whether directly or indirectly and whether by himself or through any other person, any personal financial benefit, including any gift for himself or another, upon an agreement or understanding that his vote, opinion, judgment, exercise of discretion or other action as a public official will thereby be influenced.
